

CSME Student Gold Medal Award Winners Étudiant(e)s gagnant(e)s de la médaille d'or SCGM

Every year, each CSME Sustaining ME Department/School may award a CSME Gold Medal and certificate to an undergraduate student for Outstanding Academic Achievement in Mechanical Engineering. As of 2023, a Gold Medal may also be awarded at the Master's and PhD academic levels. The actual criteria and decision to award is at the sole discretion of the school.

The current year's list of winners is published on [CSME's website](#). On the next few pages is a list of past winners (2006 to 2023) whose names were communicated to CSME National Office (note that the list might not be exhaustive).

Chaque année, chaque département de génie mécanique souteneur de la SCGM peut décerner une médaille d'or SCGM et un certificat à un étudiant de premier cycle pour ses réalisations académiques exceptionnelles en génie mécanique. À partir de 2023, une médaille d'or peut également être décernée aux niveaux académiques de la maîtrise et du doctorat. Les critères actuels et la décision d'attribution sont à la seule discrétion de l'école.

La liste des gagnants de l'année en cours est publiée sur le site [Web de la SCGM](#). Sur les pages qui suivent apparaisse une liste des anciens gagnants (2006 à 2023) dont les noms ont été communiqués au bureau national de la SCGM (notez que la liste n'est peut-être pas exhaustive).

CSME Student Gold Medal Award Winners
