

## CSME TC on Mechatronics, Robotics and Control

**Chair:** Farrokh Janabi-Sharifi, Ryerson University

**Vice-Chair:** TBD

### **Committee Mandate/scope:**

To promote advancements in the field of mechatronics, robotics and control by supporting fundamental and applied research.

**Keywords:** actuation, sensing, kinematic modeling, dynamic modeling, planning, fabrication, interfacing, sensor fusion, autonomous systems, classical control, intelligent control, biomimetic control, multi-agent control, AI.

### **Contact:**
